Sunday, September 15

Sunday, September 22

Sunday, September 29

### The Amirah Project: Hope and Healing for Trafficked Women

St. Peter Claver Confirmation students will be creating a safe and relaxing area for dining and enjoying the outdoors for eight women who have been trafficked. The area will include a blacktop patio (which has already been donated) for dining and the grill, as well as an area for conversation and outdoor games. We will be reusing the original brick pavers to make a seating wall. If you wish to browse our registry, please visit: [www.myregistry.com](http://www.myregistry.com) and search Hope for Amirah. The students will also be selling St. Peter Claver Grocery totes to help raise funds and other events. We would love to share our plans for Hope and Healing with you. Please call us at 860.521.2904. We deeply appreciate your support for this important project.
